

Saugkrepp FP 056

Absorbent paper for food

BRANOfood

Separation and baking papers for the food industry

Characteristics

Slightly creped filter paper based on a 100% sulphate cellulose product, approx. 56 g/m², fast to wetting

Blank paper.
Customized printing available.

Application

For use as a **base or dividing paper for all moist and greasy foods** – applications include e.g. the meat industry and fish processing industry.

Used for **draining deep-fried snacks** and foods such as French fries, chicken nuggets and fish fingers.

Saugkrepp soaks up excess moisture and grease and makes the preparation of food a clean experience.

Advantages

- Environmentally friendly material
- Suitable for a healthy and fat-reduced diet
- Fat absorbing
- Suitable for greasy oven snacks
- Complies with current recommendation XXXVI / 2 of the Federal Institute for Risk Assessment (BfR).
- Represents no health hazards
- Easily disposed off
- BRANOpac is certified according to ISO 9001 and ISO 14001.
- HACCP approved

Saugkrepp FP 056
