

BRANOgrip Premium

Anti-slip paper

■ **BRANOtech**
Special papers for technical applications

■ Characteristics

BRANOgrip Premium is an anti-slip paper. It's single or double-sided coated. The BRANOgrip Premium coating can be applied to paper of various qualities and thus enables a wide range of applications.

■ Application

BRANOgrip Premium can be placed on pallets or used as an intermediate layer for securing loads. No more slipping; loads remain stable; light packages are easier to stack. When used as place mats or tray coating, BRANOgrip Premium is an essential aid for catering service in trains, planes or busses. BRANOgrip Premium prevents plates, cups, glasses and cutlery from slipping and ensures more comfort for passengers.

Easy to use: Simply apply BRANOgrip Premium sheets to the desired surface. A machine processing is to be checked in advance. Strong variations in temperature as well as high humidity should be avoided during processing.

■ Advantages

- Environmentally friendly material
- Wide range of applications
- Simple disposal
- Represents no health hazard
- Excellent anti-slip properties
- Odourless
- Dust free
- BRANOpac is certified according to ISO 9001 and ISO 14001

BRANOgrip Premium

Product Information

■ Delivery Forms

Rolls or sheets available on request.

■ Storage

Cool and dry, keep away from direct sunlight, protect against humidity.

■ Disposal

Because the calorific value of BRANOgrip Premium is >11000 kJ/kg, the material may be subject to an energy recovery process. If this is not possible or unfeasible, the material may be deposited or incinerated with normal household refuse in compliance with local regulations.

■ Technical Specifications

BRANOgrip Premium has excellent anti-slip properties.

BRANOgrip Premium is available unbleached in various basis weights.

BRANOgrip Premium is odourless, dust-free and environmentally friendly. It has a uniform appearance and attractive haptics.
